

China Corporate Climate Action

中国企业气候行动倡议书

气候变化的危机正在加剧,灾害性和极端性气候事件正以史无前例的规模向我们袭来,威胁着人类及地球生态系统的可持续发展。全人类必须团结起来积极面对挑战,努力实现《巴黎协定》的目标。现在,是实现这一目标,进而避免气候灾难系统性爆发的最后机会!

中国提出2030年前实现碳达峰、2060年前实现碳中和的自主贡献目标。"双碳"目标为企业、社会组织、公众等各界力量的气候行动指明了方向。

我们认为工商企业应当将减碳目标纳入企业发展战略,积极采用绿色低碳的技术和可持续商业模式,提供气候友好的产品和服务。我们认为行业协会、商会、联合会、龙头企业和金融机构,应当在产业链、产业群的碳减排、绿色转型和绿色创新中发挥引领作用。

为此,我们倡议以下行动策略:

- 1. 制定有雄心可落实的碳中和目标及实现策略;
- 加强企业温室气体核算管理,支持行业 开发完善碳管理标准和工具;
- 3. 提升能效,采用节能、绿色、低碳的生产 技术和管理方式;
- 4. 扩大利用可再生能源,探索发展储能、 负排放技术;
- 5. 致力于提供健康、环保且气候友好的产品和服务;

- 6. 履行产品全生命周期的环境责任,减少 各环节的资源浪费和污染物排放;
- 7. 推动上下游商业伙伴共同减少排放,构建绿色供应链;
- 8. 利用交易机制和碳汇产品抵消自身难 以降低的碳排放;
- 9. 积极参与和支持绿色金融和气候投融 资业务发展;
- 10. 推动行业提升在环境、社会、治理(ESG)等方面的标准的实践。

让我们携起手来,投入到应对气候变化的行动中去,为尽早实现中国碳达峰、碳中和的目标而共同努力,同筑人与自然和谐共生的美好未来!

China Corporate Climate Action

CHINA CORPORATE CLIMATE ACTION PROPOSAL

The climate crisis is intensifying. Catastrophic and extreme climate events are hitting us on an unprecedented scale, threatening the sustainable development of humans and the ecosystem. Humanity must unite to tackle the climate challenge and work towards the goal of the Paris Agreement. It is now our last chance to realize the goal and thus avoid a systemic outbreak of climate disaster.

China has committed to peaking carbon emissions before 2030 and to achieving carbon neutrality by 2060. These "dual carbon" targets will steer the way of the climate actions for Chinese enterprises, organizations, and the public. 。

We call on businesses to integrate carbon reduction targets into their development strategies, to adopt green and low-carbon technologies and sustainable business models, and to offer climate-friendly products and services. We call on business associations, chambers of commerce, federations, leading companies, and financial institutions to take the lead among industrial chains and business clusters in carbon reduction, green transformation, and green innovation.

Hereby, we propose the following actions:

- 1.Set ambitious and achievable net zero targets and implementation plans;
- Strengthen greenhouse gas accounting and management, and support the development of sectoral carbon management standards and tools;
- 3. Optimize energy efficiency, and adopt energy-saving, green and low-carbon production technologies and management practices;
- 4. Scale up the use of renewable energy; explore and develop energy storage and negative emission technologies;
- 5. Commit to offering healthy, ecological and climate-friendly products and services;

- Take environmental responsibility in the full product life cycle, and reduce resource waste and pollutant emissions in all processes;
- 7. Promote joint emission reduction actions with partners in the entire business stream to foster green supply chain;
- 8. Use trading mechanisms and carbon sink products to offset unavoidable emissions;
- Participate and support the development of green finance and climate finance;
- 10. Promote ESG practices and sectoral ESG standards development.

Let us join hands and devote to achieving China's carbon peaking and carbon neutrality targets, and to building a community of shared future for mankind and nature.

BRIEF INTRODUCTION

CHINA CORPORATE CLIMATE ACTION (CCCA) is a non-profit cooperative network voluntarily launched by industry associations, business enterprises, non-profit organizations, and research institutions at the Global Climate Action Summit in September 2018.

As of July 2022, a total of 22 founding members and 44 member organizations have carried out a series of communication, advocacy and empowerment activities in various industries, co-organizing "China Enterprise Day" and "China Corporate Pavilion" at the United Nations Climate Change Conference in recent years.

CCCA is committed to driving the carbon reduction, green transformation and green innovation of the whole industry chain and industrial clusters through the leadership of industry organizations, promoting enterprises to integrate climate change into their development strategies and corporate social responsibility, promoting sustainable business models and climate solutions, and linking relevant technical support and green financial resources for enterprises.

Founding members of China Corporate Climate Action:

Members:

Supporters:

Join CCCA

If your company/organization is interested in joining CCCA and meets the following conditions:

- Established for more than one year
- No record of violation of laws and regulations
- Top leaders agree to join
- Commit to take concrete climate action

Please email to: ccca@cteam.org for further information on the accession process.

关于我们

中国企业气候行动

CHINA CORPORATE CLIMATE ACTION

中国企业气候行动(CCCA)是由行业协会、工商企业、 公益组织和研究机构于2018年9月全球气候行动峰会 上自愿发起的非营利性合作网络。截至2022年7月,共 有22个发起和支持机构和44个成员机构,在各行业开 展了一系列传播、倡导与赋能活动, 在近年的联合国气 候大会上联合主办"中国企业日"和"中国企业馆"。 CCCA致力于通过行业组织的引领带动全产业链、产业 群的碳减排、绿色转型和绿色创新, 促进企业将应对气 候变化纳入其发展战略和企业社会责任、推广可持续 商业模式和气候问题解决方案,为企业链接相关技术 支持和绿色金融资源。

如果贵公司/机构有意向加入中国企业气候 行动平台(CCCA),并符合以下条件:

- 成立满一年以上
- 无违法违规行为记录
- 高层领导认同加入CCCA
- 承诺积极采取应对气候变化的行动

请致函 ccca@cteam.org 进一步了解加入程序。
